Independent Auditor's Report
on the Financial Statements

Board of Directors
Economic Freedom Movement Association, Inc.
Baton Rouge, Louisiana

I have audited the accompanying statement of financial position of Economic Freedom Movement Association, Inc. (a nonprofit organization) as of June 30, 2004, and the related statements of activities and cash flows for the year then ended. These financial statements are the responsibility of management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. These standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Economic Freedom Movement Association, Inc. as of June 30, 2004, and the changes in its net assets and its cash flows for the year then ended in conformity with generally accepted accounting principles.

In accordance with *Government Auditing Standards*, I have also issued my report dated September 28, 2004, on my consideration of Economic Freedom Movement Association, Inc. internal control over financial reporting and my tests of its compliance with certain provisions of laws, regulations, contracts and grants.

**Board of Directors
Economic Freedom Movement Association, Inc.
Baton Rouge, Louisiana**

I have audited the financial statements of the Economic Freedom Movement Association, Inc. (a nonprofit organization), as of and for the year ended June 30, 2001, and have issued my report thereon dated September 28, 2001. I conducted my audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Economic Freedom Movement Association, Inc.' financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with these provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered Economic Freedom Movement Association's internal control over financial reporting in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control over financial reporting. My consideration of the internal control over financial reporting would not necessarily disclose all material weaknesses in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over financial reporting and its operation that I consider material weaknesses.
